

Name: _____ Hour: _____

GDP and GDP per capita (ANSWER KEY)

Create a GDP for your own country.

Country name: _____

Population: _____

Give figures that make up C, I, G and X. You must have at least two examples for each category, and they cannot be from the practice worksheet. You must also have at least 3 examples that do not count in your country's GDP. On the second of this sheet, create a blank copy of your country's GDP so that it can be used by another group.

C= _____

I= _____

G= _____

X= _____

GDP= _____

GDP per capita= _____
